

Kicco MultiBoiler

The new Kicco MultiBoiler, available in 2 groups, has been developed to cater for any requirement of high performances and energy saving thanks to the multi boiler system and high-capacity boiler dedicated to a large production of steam.

With 7 practical back-lighted selection buttons, it offers the real Made in Italy quality in two fashionable colours: red and white with lights.

White + lights Red

- Professional coffee machine with high-raised groups
- Available with automatic dosage, 2 groups
- Coffee boiler in stainless steel, capacity 0.6 litres (x2) ; temperature of each group can be adjusted as desired
